

ALTARELLI–PARISI EQUATION IN NONEQUILIBRIUM QCD

*G. C. Nayak**

Department of Physics, University of Arizona, Tucson, AZ, USA

INTRODUCTION	1438
QUARK AND GLUON SPLITTING FUNCTIONS IN VACUUM	1441
NONEQUILIBRIUM QCD USING CLOSED-TIME PATH FORMALISM	1443
Quarks in Nonequilibrium	1444
Gluons in Nonequilibrium	1444
Ratio of Characteristic Relaxation Time of the Nonequilibrium State to the QCD Evolution Time	1444
QUARK AND GLUON SPLITTING FUNCTIONS IN NONEQUILIBRIUM QCD	1446
Quark-to-Gluon Splitting Function in Nonequilibrium QCD	1448
Quark-to-Quark Splitting Function in Nonequilibrium QCD	1448
Gluon-to-Gluon Splitting Function in Nonequilibrium QCD	1448
CONCLUSIONS	1449
REFERENCES	1449
